**Title**

Oxygen isotope values of water from selected depths of Kongsfjorden

---

**Science Keywords**

Category	Marine Science
Topic	Ocean Chemistry
Expedition Year	2012-2013
<b>ISO Topic</b>	Oceanography

**Summary**

---

**Abstract**  
It contains oxygen isotope value of water from the selected depths of the Kongsfjorden for the year 2012. It forms part of the a project (SSF Id. 5944) entitled Quantifying Variability in Freshwater Influx to the Kongsfjorden System using oxygen isotopes of seawater: Implications to the ice melting

**Purpose**  
These data are for storage for long-term use.
